

CORPORATE LEADERSHIP TRAINING MODULES AND WORKSHOPS

BOLD Training specializes in transforming organizations through tailored training solutions designed to attract, train, and retain the best employees and leaders. Our approach is rooted in an in-depth understanding of the "8 Second Filter™," the "4 Weak Muscles™," and "Leadership DNA™," concepts that are crucial in today's fast-paced, multi-generational workforce.

While our packages provide a robust framework, we also consider the uniqueness of each organization making customization a crucial component which maximizes the impact of our training programs. We work closely with you to tailor our sessions to address the specific challenges and opportunities within your organization.

Below is a summary of the Bold training packages, each one designed to build on the previous. This program is a comprehensive and scalable approach resulting in employee and leadership development.
